Sure thing- I'm just glad they came in handy after we didn't use them directly in the letter itself!

And, here are two bullets that John and Doug (both cc'ed) pulled together when we were working on our response letter:

- The Region 5 monitoring group worked with Wisconsin to site a second ozone monitor in Sheboygan County to better understand the local ozone transport phenomenon and to help inform decisions during the ozone designations process.
- Region 5 has also had a number of meetings with representatives from the Wisconsin Department of Natural Resources, Sheboygan County, the City of Sheboygan, and the Sheboygan Chamber of Commerce to discuss ozone designations and the impact on the area.

Thanks, John.

Jack and Becky, in case you haven't yet seen, I've attached copies of the incoming and response to a letter dated Feb. 10 from Sen. Johnson and Rep. Grothman re: the nonattainment designation in Sheboygan County.

Please let us know how the meeting goes.

**Subject:** RE: TIME SENSITIVE: Wisconsin State Legislators / Ozone

Region 5 has met with county officials in Sheboygan and Door Counties a number of times in recent weeks to discuss ozone transport issues in Northern Wisconsin. These meetings have included reps from Sen. Johnson and Rep. Grothman's offices. Groups in these counties are concerned about the impacts of ozone transported from urban areas in upwind states impacting their air quality, especially along the Lake Michigan coast. There are numerous concerns about Clean Air Act requirements resulting from historic ozone nonattainment designations, as well as the potential for new requirements resulting from future designations, planned for later this year.

Wisconsin recently submitted new ozone nonattainment area recommendations, looking to shrink nonattainment areas in recognition of the transport phenomenon. EPA has recognized transport in Wisconsin in ozone designations in the past and will continue to work with the state to recognize this phenomenon to the degree allowed by the Clean Air Act.

Subject: Wisconsin State Legislators / Ozone

Good Morning,

We are hosting 4 WI state legislators today at 12:30pm ET. They are meeting with Tate Bennett, Sr. Advisor in OCIR and will bring up ozone. Anything we need to be aware of before they come in.

Profuse apologies for the incredibly late request.

Best,  
Jack
